

P120

in the heart of the city...

PARK ROTORUA

Park Rotorua – helping revitalise your Heart of the City.

From December 2, a new parking programme will be introduced across the Heart of the City Rotorua.

Park Rotorua includes free P120 parking for a maximum of two hours, along with a range of other parking options to suit every requirement.

The P120 free parking applies to designated inner city streets, with longer term metered and unlimited free parking on the city fringes, as well as the Central Car Park Building in Pukuatua St. There are still disabled, P15 and loading zone car parks within all these areas.

The P120 free parking will be firmly enforced in order to ensure fairness and the most benefit for everyone – residents, shoppers, visitors and retailers. Wireless sensors in the road simply detect when the parks are occupied and for how long.

Map Key:

-  **P120 ZONE.** Free parking, maximum two hours*.
-  **MIXED PARKING.** Longer term paid and free parking*.

* All areas still include Disabled, P15 and Loading Zone spaces.
